- **TH3** Particle Protection (Highest Possible Rating)
- **8 different** blower speed settings, adjustable airflow from 170 to 240 lpm (**10 lpm Increment**)
- **IP 54** Certified
- **Vibration** and **Filter Alarms** to inform when filters need changing or low battery
- Comes with **HD 4 Cell Li-ion Battery 7.4V/5200mAh**. Charging time: 5 hours
- Operation time up to **10 hours** with a new filter P R SL and airflow 170 l/min
- Large controls
- Easy to use with oversized gloves
- Breathing hose with flame retardant cover - protection from sparks and spatter
- In combination with Quad 500 face shield
- Unit is CE Certified
- All Quad 500 products have been designed to offer maximum above-the-neck face protection, including an extra-large molded polycarbonate window featuring our premium anti-fog coating
- For added protection, the molded window is completely framed on the sides and chin and features an extra-large crown
- The Quad 500 offers exceptional panoramic views with virtually no distortion
- Ideal for grinding, cutting, oxy/acetylene cutting, plasma cutting, brazing and more
- The Quad 500 face shield is also available with an exclusive, **extra-large flip-up/flip-down IR window** for added eye protection when used in applications producing infrared hazards
- It's easy and safe—by keeping the Quad 500 clear window in the down position at all times, the operator can flip the IR shaded window up or down, providing uninterrupted face protection during cutting and grinding operations
- Flip windows available in:
 - **Shade 5 IR** for oxy/acetylene cutting, brazing, and plasma cutting
 - **Shade 8 IR** for oxy/acetylene welding and plasma cutting
- Both the clear and flip windows feature detents that lock in both the up and down positions
- Designed to be used with most goggles, respirators, and all safety glasses
